

Dear Community Member,

First let me introduce myself. My name is Victoria Levine and I have lived in the Dallas area for over twenty years. My passion to help children in the darkest of circumstances has brought me here today. Growing up near Mexico's Tijuana border made a big impression on me and my feelings about less fortunate children, thus driving my desire to help. A few years ago, a client and dear friend of mine was diagnosed with terminal cancer during the pregnancy of her ninth child. Although, I could not save her, I felt I had to do something. Together, with a friend, we hosted a fundraiser that was a great success drawing national media attention.

In my family, hosting a luau has been an amazing tradition passed through generations. I now see it as an opportunity to incorporate my passion and desire to help neglected and abused children by teaming with Supporters of Children's Charities (SCC), a 501(c)(3) non-profit charity established in 1996. The Mission of SCC is to enrich the life of children in need by providing both financial and volunteer assistance for events, programs and organizations throughout the local community that support its cause. With a passionate and motivated support team and structured organization that can maximize our potential, we cannot only raise funds but create awareness through this event. The need is crucial and together we are determined to make a difference.

We understand that you have many options and possibly receive many requests each year for support; we hope that you will choose to join us in our efforts through a sponsorship or in-kind donation. We know that every individual can make an impact, but imagine what a group of highly motivated and passionate people can do! Help us succeed beyond our wildest dreams. Help us to make a difference in our community. Help us to bring light to the lives of children who have been left in the dark. We appreciate your time and consideration.

Sincerely,

Victoria Levine, Chairperson
Texas Luau Committee
